

FaithLift History

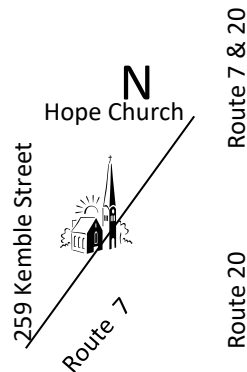

The Evangelical Free Church of Pittsfield began our first FAITHLIFT women's conference in 1990 as a result of the burden of Ruth Anderson; she had a desire to minister to women of the Berkshires. FAITHLIFT was modeled after the original event, by the same name, hosted by Grace Chapel in Lexington, Mass. Our first FaithLift hosted forty women. Since that time, FaithLift has grown; in 2005 it ministered to more than 200 women from five states! Our goal is to provide women with opportunities for fellowship, worship, learning and fun!

FaithLift will be held
